

National Marine and Freshwater Education Wananga - Conference
Whakapaumahara Marae, Whananaki North Rd, Whananaki, Northland
Wednesday 6th – Saturday 9th October, 2010

Invitation to the Community – Film launch

Water Whisperers – Tangaroa

Directed by Kathleen Gallagher

Screening at @ 7pm Friday the 8th October 2010

\$10 entry fee to support film, attendance for any other part of conference requires official registration

This year's theme is Mountains to Sea – Collaboration for conservation of our marine and freshwater environments in schools and communities, with the purpose being an inspirational professional development and networking opportunity for all those involved or interested in freshwater and marine conservation.

This invite is extended to the Whananaki and wider community to attend this film launch.

Filmed in stunning locations around New Zealand, ten communities facing serious water issues, come up with amazingly simple solutions to clean up the waters and bring back their fish.

Our rivers are drying up and polluted, the salmon people have lost their salmon, the children can't swim in the polluted rivers, the shellfish are dying, the fish are disappearing from our coasts... Can our drying up and polluted lakes, rivers and our depleted oceans be restored? Can our pristine waterways and oceans be saved?

Features locals Wade Doak, Samara Nicholas, Craig Johnson and Dr Bill Ballantine

For all enquires, registration and full programme information contact Samara Nicholas
